

Elizabeth Shay, PhD, AICP

Geography & Planning ✧ 363 Rankin Science W ✧ Appalachian State University ✧ Boone NC 28608 ✧ shayed@appstate.edu

EDUCATION

- PhD City and Regional Planning, University of North Carolina—Chapel Hill, 2007
MLS School of Information and Library Science, University of North Carolina—Chapel Hill
MS Russian studies, Jackson School of International Studies, University of Washington
BS Biology, Southern Oregon University
AICP American Institute of Certified Planners: exam-based professional accreditation, 2011

PROFESSIONAL EXPERIENCE

- 2015- Assistant professor, Geography and Planning, Appalachian State University, Boone NC
2014-2015 Community planner, North Carolina Department of Transportation, Human Environment
2010-2014 Director, Sustainable Triangle Field Site, Institute for the Environment, UNC-Chapel Hill
2003-2014 Research assistant professor (2013-14), research associate—Institute for the Environment, Lecturer—Curriculum for the Environment and Ecology, UNC-Chapel Hill
Pre-2003 Editing, translating, publishing
Manuscript office, *Environmental Science & Technology*, American Chemical Society, housed at UNC-Chapel Hill (managing manuscripts)
Associated Publishers, St. Paul MN (translating *Pravda* into English, editing)
Centre for Water Research, University of Western Australia, Perth (editing, writing)
Current Digest of the Soviet Press, Columbus OH (translating, abstracting)

TEACHING

Appalachian State University, 2015-

Town, city & regional planning	Planning tools & techniques	Land use regulations & controls
Transportation planning	Inside the sustainable city	Community development
Planning studio	Honors/graduate theses	Independent research

UNC—Chapel Hill, 2007-2014

Taught Urban transportation planning 2008, 2010

Directed Environmental Capstones, fall and spring semesters, for on- and off-campus clients

Designed, developed, taught Principles of sustainability; Sustainable urban planning in Germany, Sweden, Denmark
Seminars: Cross-Atlantic sustainability, Sustainable food systems, Sustainability primer
Sustainable community, Sustainable UNC

Assisted (guest lectures, grading, curriculum review, project development)

Energy and Material Flows	Cities of the Future	
Transportation Policy	Solving Urban Problems	Quantitative Methods in Planning

RESEARCH—land use, transportation, built and natural environment, travel behavior

- 2018 Appalachian State University, Research Institute for Environment, Energy & Economics. Communications: public health messaging (PIs Hege, Shay, Sugg)
- 2017-18 Collaborative Sciences Center for Road Safety, University of Tennessee (sub), connected and automated vehicles, safety, and walkability (PI Khattak)
- 2017-2019 Appalachian State University, University Research Grant, student travel behavior
- 2016 Appalachian State University, summer faculty grant, development of new applied-learning course on aging-in-place and elder-friendly built environment
- 2015-2018 Appalachian State University, Research Institute for Environment, Energy & Economics. Seed funding for mountain vulnerability and resilience research and curriculum development (PIs Dempsey, Shay and Sugg)
- 2012-2014 *Defining North Carolina's Transportation-Disadvantaged Populations*. NC Dept Transportation. UNC-Chapel Hill subcontract with NC State University (PI Lane)
- 2012-2013 Systematic review of park/recreation master plans; physical activity in dog parks. *System for Observing Play and Recreation in Communities*. National Institute of Health (PI Evenson)
- 2012 *Emergency planning and response for vulnerable populations; emergency sheltering for general and vulnerable populations*. Preparedness and Emergency Response Research Center, UNC-Chapel Hill School of Public Health (PIs Berke and Horney)
- 2010-2011 *Built environment and transport-related greenhouse gas emissions in Charlotte NC metro area: An integrated model*. Lincoln Institute of Land Policy (PI Rodriguez)
- 2009-2010 *Sustainable small and medium enterprises*, US EPA Region 4. UNC-Chapel Hill Institute for the Environment and Duke University (PIs Shay and Gallagher)
- 2007-2011 *Away from home and out of school: Adolescent PA and BMI*, Trial of Activity in Adolescent Girls 2, National Heart, Lung and Blood Institute (through RAND). UNC-Chapel Hill Center for Urban and Regional Studies (PIs Rodriguez and Evenson)
- 2005-2009 Auto ownership and travel behavior components, EPA STAR project *Regional development, population trend, and technology change impacts on future air pollution emissions*. UNC-CH Center for Urban & Regional Studies (PIs Rodriguez and Song)
- 2007-2008 Built environment and walking behavior models, *Testing associations between physical activity and the built environment*. Robert Wood Johnson Found., Active Living Research. UNC- Center for Urban & Regional Studies (PI Rodriguez)
- 2007 *Collaborative intergovernmental school planning and active travel to school*, Robert Wood Johnson Foundation, Active Living Research. UNC-Chapel Hill Center for Urban & Regional Studies (PIs Salvesen and Shay)

PROFESSIONAL MEMBERSHIPS AND SERVICE

American Planning Association

American Institute of Certified Planners

Town of Boone NC Planning Commissioner, 2016 – 2018; chair, 2018 -

Transportation Research Board, Standing Committee on Social and Economic Factors of Transportation—ADD 20, member, 2015-

Transportation Research Board/National Academies: National Cooperative Highway Research Program project panel #20-101, “Framework for Analyzing the Costs and Benefits of Adaptation Measures in Preparation for Extreme Weather Events and Climate Change,” member, 2014-2016

Transportation Advisory Board, Carrboro NC, 2000-2004

Peer reviewer for multiple journals in land use, transportation and sustainability
Appalachian State University, Service Learning Faculty Fellows program, 2016

PRESENTATIONS AND PANELS

Transportation Research Board 98th Annual Meeting, Washington DC, January 2019. Shay, Khattak, and Boggs, “Safety in the connected and automated vehicle era: A U.S. perspective on research needs”

Transportation Research Board 97th Annual Meeting, Washington DC, January 2018. Shay, Khattak, and Wali, “Walkability in the connected and automated vehicle era: A U.S. perspective on research needs”; Zheng, Khattak, and Shay, “Analysis of Crashes Involving Pedestrians across the United States: Implications for Connected and Automated Vehicles”

North Carolina Association of Metropolitan Planning Organizations, annual meeting, April 2017, New Bern NC. Shay and Combs. “Before-and-after travel choices of university students in newly constructed private off-campus mixed-use housing,” presenter

Appalachian Global Symposium, Appalachian State University, November 2016, Boone NC. Kowalczyk, MacNamara, Ruseva & Shay. “Conceptualizing an Interdisciplinary Study-Away Course in Rural Sustainable Development”

Centralina Council of Governments conference ‘Creative solutions for thriving communities,’ December 2015, Gastonia NC. Presentation: “Aging in the suburbs: Changes in the built environment that support well-being and mobility as we age,” co-presenter

Transportation Research Board 94th Annual Meeting, Washington DC, January 2015. Workshop presenter: ADD20 committee—Social and Economic Factors; poster: “North Carolina launches model guidance and reports for comprehensive Community Impact Assessment”

Transportation Research Board 94th Annual Meeting, Washington DC, January 2015. Poster presentation: “Identifying transportation disadvantage: Mixed-methods analysis”

Career Night—Biology & Environmental Students, Meredith College, Oct 2014. Invited panelist

Global Sustainability Symposia, 2011-2014, UNC-Chapel Hill. Member of planning committee

North Carolina Association of Metropolitan Planning Organizations, Wilmington NC, May 2014. Presentation: “Identifying transportation-disadvantaged populations: Preliminary findings and draft tool,” Toolkits and Technical track, co-author and graduate adviser

Center for Global Initiatives Photo Competition/Presentation, January 2014. Adviser to undergraduate presenters from 2013 Honors Study Abroad in Germany, Denmark and Sweden

North Carolina Association of Metropolitan Planning Organizations, Winston-Salem NC. May 2013. Presentation: “Identifying North Carolina's Transportation-Disadvantaged Populations,” Environmental Justice track, co-author

EnvisionEAST-2050, 9-county planning exercise, Trenton NC, October 2012. Facilitator
North Carolina School of Science and Math—Sustainability Project kickoff, Durham NC, August, 2012. Invited speaker: “Sustainability—What it is, what it isn’t”

North Carolina Emergency Management Association, spring conference, March 2012.
“Academic-community partnerships: Pilot projects in emergency, planning, response & sheltering for vulnerable populations,” co-author and co-presenter

North Carolina Conference on Aging, October 2011. Roundtable presenter: “Accessible housing and age-integrated communities: Policies and programs for visitability and universal design”

Workshop: Sustainable Small & Medium Enterprises, Durham NC, October 2010. Co-convenor

Summer Planning Institute, North Carolina Chapter, Amer Planning Ass, Greenville NC, 2010.
Presenter: “Planning and public health—The critical synthesis for sustainable communities”

Round Table on Sustainable Small Business, Chapel Hill NC, March 2009. Co-convenor

Transportation Research Board 88th Annual Meeting, Washington DC, January 2009. Presenter:
“Relation of residential environment to automobile ownership and travel choice.” Session:
The Built Environment, Travel Behavior, Physical Activity, and Non-automobile Mode Use

Active Living Research Conference, Washington DC, April 2008. Pre-conference workshop,
presenter: “Using GPS and accelerometers in neighborhood research”

Transportation Research Board 86th Annual Meeting, Washington DC, January 2007.
Presentation: “Automobiles, trips, and neighborhood type: Comparing environmental
measures.” Session: The Built Environment and Travel Behavior

Leadership Forum, Chapel Hill Carrboro Chamber of Commerce, Chapel Hill NC, October 2006.
Panel discussion on sustainable communities

Transportation Research Board 85th Annual Meeting, Washington DC, January 2006.
Presentation: “Drive or walk? Utilitarian trips within a neo-traditional neighborhood.”
Session: The Built Environment and Travel Choices: Unraveling the Relationships

Transportation Research Board 84th Annual Meeting, Washington DC, January 2005. Poster
presentation: “Auto ownership and use in neo-traditional and conventional neighborhoods”

ADVISING

Honors theses—advisor

Andersen, L. “An Impact Assessment of Extreme Drought and Unprecedented Wildfire in the Southern Appalachian Mountains,” 2017, Appalachian State University

Honors theses—reader

Royster, B. “Evolution and impediments of NC’s methane capture pilot program,” 2011,
UNC-Chapel Hill

Band, D. “Energy Information Systems and Conservation Psychology and their Potential for Reducing Energy Consumption at UNC,” 2010, UNC-Chapel Hill

Graduate theses—adviser

Bushell, M., “Design, policy, and bicycle ridership: A comparison between Berlin, Germany and Washington D.C.,” 2010

Callaway, B., “Town of Chapel Hill greenhouse gas emissions inventory municipal operations: 2005 through 2009,” best masters paper, UNC-CH Department of City and Regional Planning, 2010

Michler, R., “Vehicular cycling advocacy: A case study of Chapel Hill,” 2010

Graduate theses—reader

Down, E. “A Business Model for Local Agriculture,” 2017, Appalachian State University

Interns—academic supervisor

Planning internships: 2018: Allred, Everhart, Harris, Karlson, Kelley, Kern, Reid; 2017: Archer, O’Reilly; 2016: Williams

Environmental and Sustainability internships, 2008-2014, UNC-Chapel Hill, >70 undergraduates

ENVIRONMENTAL CAPSTONES: http://www.ie.unc.edu/for_students/courses/capstone.cfm

2007-2014: Developed / coordinated capstones—team R&D projects for clients; required of all environmental majors and sustainability minors (unless in capstone at an off-campus field site)

Taught many of the 2007-2014 capstones, and coordinated and supported faculty who led others

**Projects with week-to-week leadership by graduate student, or directed by other faculty or staff*

Projects for campus clients

**Efficient campus buildings—UNC Energy Management*

Tarheel Bikes performance review, spatial analysis—UNC Tar Heel Bikes Steering Committee

Campus water—past and present

**Green labs—Green Labs Committee, Office of Waste Reduction and Recycling*

Transportation deserts—NC Dept of Transportation-funded research team at UNC-Chapel Hill

**Campus carbon sequestration inventory and analysis—UNC emissions specialist*

**Campus rainwater management—UNC stormwater engineer, Environment, Health and Safety*

**Carolina Dining Services and local producers*

Water conservation for long-range planning—advisory board for the Jordan Lake Rules

Campus bicycling environment

Water quality in rainwater harvesting cisterns—UNC’s Environment, Health and Safety

DELTA tracking/analysis—Environmental Resource Program, UNC Institute for Environment

Sustainable housing

Waste audit, strategic waste management plan—UNC Office of Waste Reduction and Recycling

Energy efficiency in UNC buildings—UNC emissions specialist

Green sustainable athletics—Carolina Athletics, Office of Waste Reduction and Recycling

Sustainability research inventory—UNC Sustainability Office

Laboratory recycling—UNC Office of Waste Reduction and Recycling, lab manager

Campus foodprint—Carolina Dining Service

Campus sustainability curriculum inventory—UNC Sustainability Office

Campus Green Guide—UNC Sustainability Office

Preserving Focus the Nation—student leader with Focus the Nation national teach-in

Evaluating student energy use—UNC Institute for the Environment

**Air travel emissions*—UNC emissions specialist, Vice-Chancellor’s Sustainability Advisory C

Community sustainability self-assessment—Town of Chapel Hill

Projects for community (off-campus) clients

Vulnerability assessment of North Carolina communities—eight counties, 2010-2014

**Jordan Lake nutrient load*—Jordan Lake nutrient advisory board

**Stream restoration/water quality*—faculty for: Ecosystem Enhancement Program, NC DENR

Organics collection feasibility study—Orange County Department of Solid Waste Management

Community carbon—Town of Chapel Hill

**Recreation, conservation and economic development*—Conservation Fund

Re-use economy feasibility study—small business collective in reuse and salvage

**Converting waste to protein with black soldier flies*—Pickards Mountain Eco-Institute

**Planning for climate change*—New Bern NC

Green purchasing—Piedmont county sustainability planner

Triangle Green Business Challenge—Triangle J Council of Governments

Energy-efficient public housing—Town of Chapel Hill

Energy-efficient rentals—Chapel Hill WISE (Worthwhile Investments Save Energy) program

Landfill expansion—Cedar Grove Institute for Sustainable Communities

**Recycling at apartment complexes*—Orange County Solid Waste Management

Carrboro greenhouse gas emissions inventory—Town of Carrboro NC

OWASA energy management—Orange Water and Sewer Authority

**Homeowners Associations (HOAs) and sustainable neighborhoods*—Town of Carrboro

Anti-idling policy and program pilot—Sustainable Sandhills, Fayetteville NC

Managing biosolids from municipal wastewater—Orange Water and Sewer Authority

**Scope 3 GHG emissions*—Town of Chapel Hill

Environmentally preferable purchasing program—Town of Chapel Hill

**Chapel Hill carbon reduction/fleets and streets*—Town of Chapel Hill

Chapel Hill carbon reduction/Transit survey and marketing—Chapel Hill Transit, Chapel Hill

Plastic film recovery—Orange County Dept of Solid Waste Mgmt, American Chemistry Council

Chapel Hill Transit carbon reduction—Town of Chapel Hill

Frozen food packaging environmental footprint—small commercial client

Greenbridge education center—investors in mixed-use complex

Wachovia employee education module—Wachovia

**Projects with week-to-week leadership by graduate student, or directed by other faculty or staff*
